

Marigold Spa Cover

Collect the measurements you need at the Spa location.
(Download or print this).

Take measurements from the outside of the spa rim.
In metres to two decimal places (eg; 1.95m)

You will need Measurement A

The length of the Skirt from the spa rim (not the cover).....mms

Where are the clips?

Clips can always be re-positioned on the spa. We supply matching lockable clips with every cover.

The distance down from the spa rim (not the cover) to the fixed clips.....mms

How many clips in total.....

Where are they? Describe and measure relating to the cover fold (eg; four evenly spaced; eg; two clips each side 200mm in from the fold).

NOTE FOR ALL MEASUREMENTS. We will always get back to you if it doesn't seem right to us. We have patterns for most spa covers.
